Education

National Institute of Technology Calicut

Kerala, India

Bachelor of Technology in Mechanical Engineering; CGPA: 7.86

May 2025

Technical Skills

Programming Languages: Java, SQL, JavaScript, HTML5, CSS3, Python

Frameworks & Libraries: Spring Boot, React.js, RESTful APIs, JDBC, Hibernate, Tailwind CSS

Databases: PostgreSQL

Tools & Platforms: Git, Maven, VS Code, IntelliJ IDEA, Postman, Browser Developer Tools

Computer Science Fundamentals: Data Structures, Algorithms, OOP, DBMS, Operating Systems

Projects

FluxKart – Intelligent Contact Identification Service | *React.js, Java Spring Boot, REST APIs* [↗](#)

- Reduced data redundancy by **40%** using graph traversal algorithms and priority queue-based conflict resolution.
- Developed secure REST endpoints with precedence logic for seamless contact synchronization.
- Implemented RESTful API architecture with proper HTTP status codes, request validation, and structured JSON responses for seamless frontend integration.

Apartment Issue Resolution Platform | *React.js, Java Spring Boot, REST APIs, PostgreSQL* [↗](#)

- Improved issue resolution by **30%** with role-based web platform and real-time status tracking.
- Engineered comprehensive solution with image uploads, voting system, and automated categorization.
- Designed relational database schema enabling streamlined workflow management via admin dashboards.

Employee Attrition Analysis | *Python, NumPy, Pandas, Data Analysis* [↗](#)

- Examined **1,470** employee records using Python data stack (Pandas, NumPy, Matplotlib) to identify key attrition factors.
- Developed predictive model achieving **87%** accuracy in identifying high-risk employees.
- Created interactive dashboard visualizing **6** key metrics and presented findings to enable strategies that reduced projected attrition by **15%**.

Sorting Algorithm Visualizer | *React.js, HTML, CSS, JavaScript* [↗](#)

- Enhanced learning for **500+** students with interactive sorting visualization and adjustable parameters.
- Implemented responsive React application featuring real-time animations and component-based architecture.

Certifications & Courses

Udemy: Java Spring Framework 6 and Spring Boot 3 with Spring AI, Docker, Microservices [View](#)

Udemy: React.js Bootcamp - React, Hooks, Redux, Router, Next.js [View](#)

CodeHelp: Data Structures and Algorithms [View](#)

HackerRank: SQL Certification [View](#)

NPTEL: The Joy of Computing using Python [View](#)

Position of Responsibility

All-Rounder, NIT Calicut Cricket Team: Coached **10+ junior athletes** and coordinated **15+ weekly practice sessions**, serving as a key all-rounder in inter-departmental competitions.

Achievements

- Proposed a digital solution to simplify housing society issue management at **HP Dreams Unlocked Innovation Contest 2025**.
- Secured **Player of the Match** in finals, taking 3 wickets for 19 runs, leading team to victory in the Inter-Department Cricket Championship.
